

**A LOOK BACK**

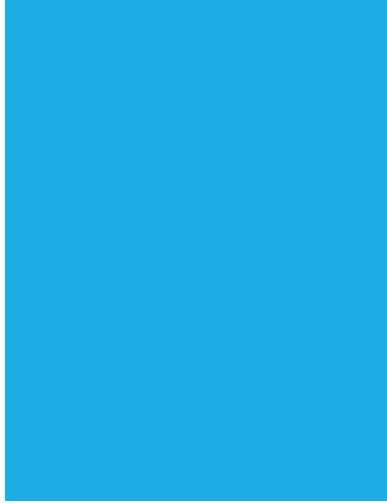

**Year 4's time at  
PGL**

For me, this was my second residential as a teacher and it was superb.

You were all wonderful and it was so good to see you push and challenge yourselves.

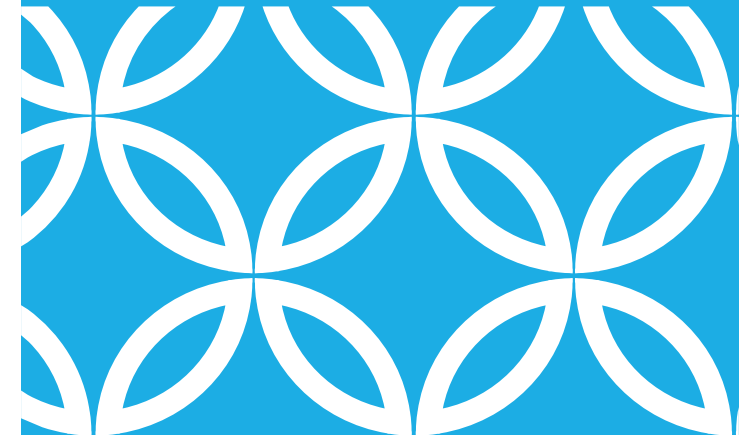

Please ensure that if you see any teachers from the trip, you thank them for giving up their weekend to help and support you.

# ABSEILING

You went down a  
15m abseiling  
wall.

And we looked  
good doing it!

# FENCING

One of the best opportunities for the teachers (and the students) to get some revenge!

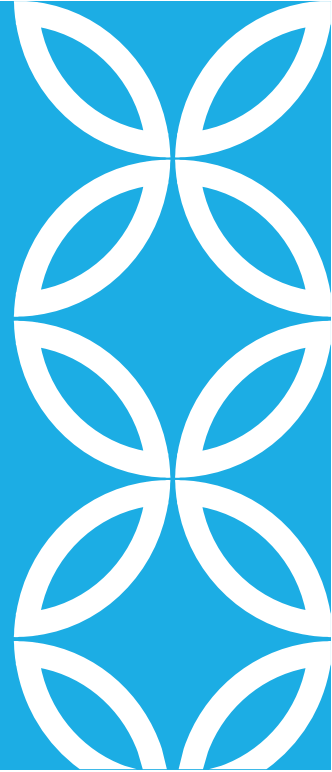

# ROCK CLIMBING

Here we scaled the walls and faced our fears, pushing ourselves higher each and every time!

# GIANT SWING

A favourite of many – this provided thrills and adrenaline in abundance!

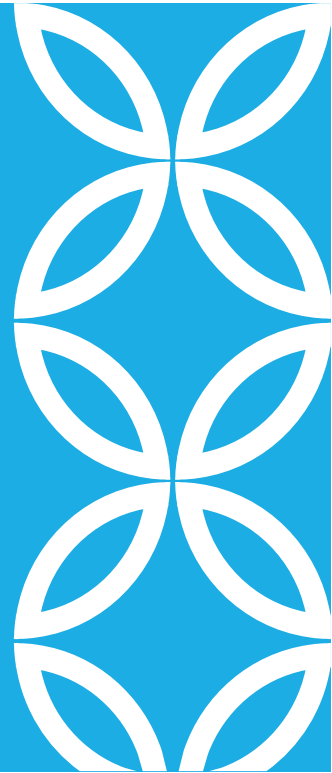

# ZIP LINE

This highly enjoyable challenge provided real speed and required a careful landing!

# SURVIVOR

We now know that if we are ever stranded on an island, we know what to do!

# ARCHERY

The favored of many, this highly skilled activity took no prisoners in the quest to score in that elusive golden circle.
